The Newsletter

Dear Madams and Sirs,
We are pleased to send you the fourth newsletter of the Technet_nano network. Technet_nano is an alliance of public clean rooms and research facilities within the field of nano- and microtechnologies. You receive this newsletter because we consider you as being interested in high technology research and development.

SHAPING THE FUTURE

Stakeholder Day in Sønderborg, Denmark

On 20th of March 2014, the Technet_nano project partners met at the University of Southern Denmark (SDU) in Sønderborg for the official closing of the project. They presented the latest findings on biotechnology, medicine and smart materials to show the various fields of application of nano- and microtechnology.

The cooperation of the involved research institutions in Denmark, Germany, Sweden, Latvia, Lithuania, Estonia and Poland was so effective and fruitful that the partners signed a memorandum of understanding stating their intent to continue the joint work.

GREAT INTEREST IN LABS

114 SMEs visited clean rooms of Technet_nano partners

In 2013, altogether 114 SMEs visited Technet_nano partners and their clean room and lab facilities in Denmark, Sweden, Germany, Latvia and Lithuania. The purpose of these site visits was to bring the SMEs into close contact with the high technology offers of Technet_nano partners. These personal visits encourage companies to use high technology for improving their products and thus their market potential.

TECHNET_NANO MEETS INDUSTRY

Read more about the latest Science-to-Business Workshops with Technet_nano researchers and industry partners:

- **Energy efficiency through smart microcomponents**
17th of January 2014 in Sønderborg, Denmark → [Read more](#)
- **Breakthroughs in sensor technology**
27th of November 2013 in Kista, Sweden → [Read more](#)

→ Find inspiring project examples

→ Use services at our facilities

→ Visit our clean rooms

Please do not hesitate to forward the Technet_nano newsletter to others.

Kind regards,
Horst-Günter Rubahn, Lead partner
Mads Clausen Institute, University of Southern Denmark
